

UMER SHAIKH

Java Full Stack Developer | Spring Boot | REST APIs | MySQL

+91 7249821543 | umernshaikh08@gmail.com | https://github.com/Umershaikh0804

https://www.linkedin.com/in/umer-shaikh-a4b38128b

PROFESSIONAL SUMMARY

Aspiring Java Full Stack Developer with hands-on experience building scalable, secure web applications using Java, Spring Boot, Spring MVC, Hibernate, and MySQL. Skilled in developing RESTful APIs, implementing authentication and authorization with Spring Security, and applying MVC/layered architecture for maintainable backend systems. Completed a 3-month internship building a Spring Boot-based Automated Timetable Management System, gaining exposure to constraint-based scheduling logic and database design. Maintains a strong academic record (CGPA 9.7/10) alongside three independently built full stack projects. Seeking an entry-level Software Engineer or Java Developer role to contribute to backend and full stack development teams.

TECHNICAL SKILLS

Programming Languages:	Java, JavaScript, HTML5, CSS3, SQL, C++, Python
Frontend:	HTML5, CSS3, JavaScript (ES6+), Responsive Web Design
Backend:	Core Java, Advanced Java, JDBC, Servlets, Spring Framework, Spring Boot, Spring MVC, Spring Security, RESTful APIs
Java Technologies:	OOP, Collections Framework, Exception Handling, Multithreading, File Handling, Generics, Java 8 (Streams, Lambda Expressions, Functional Interfaces), Date & Time API
Spring Ecosystem:	Spring Core (IoC & Dependency injection), Spring Boot, Spring MVC, Spring Data JPA, Hibernate ORM, Spring Security, Bean Validation, Global Exception Handling
Database:	MySQL, SQL, CRUD Operations, Normalization, Database Design
Architecture:	MVC Architecture, Layered Architecture, Controller-Service-Repository Pattern, DTO Pattern, REST API Design
Tools & Deployment:	Git, GitHub, Postman, Eclipse, VS Code, Docker, Render
Development Practices:	REST API Integration, Authentication & Authorization, Debugging, Code Optimization, Agile Methodology, SDLC
Soft Skills:	Problem Solving, Analytical Thinking, Team Collaboration, Communication, Adaptability, Time Management

INTERNSHIP EXPERIENCE

Java Full Stack Developer Intern — Enumtech

Duration: 3 Months | Project: A² – TMS (Automated Timetable Management System)

- Engineered a Java Spring Boot MVC web application to automate weekly timetable generation for a college department, eliminating manual scheduling effort.
- Designed and implemented a custom constraint-based scheduling engine that detected teacher and subject classes, achieving 100% clash-free timetables across multiple divisions.
- Built core modules for teacher workload management, subject allocation, and practical batch management using a layered Controller-Service-Repository architecture.
- Integrated Spring Security and delivered PDF export with a redesigned dashboard, improving security and schedule visibility.

PROJECTS

A² – TMS | Automated Timetable Management System

Tech Stack: Java, Spring Boot, Spring MVC, Spring Security, Hibernate, JPA, MySQL, HTML, CSS, JavaScript, Render

Full stack timetable management web application built for a college's BBA(CA) department to manage teacher workloads, subject allotment, and practical batch assignments while auto-generating clash-free weekly timetables.

- Architected the application using Spring Boot MVC, Hibernate/JPA, and MySQL following a Controller-Service-Repository design pattern.
- Developed a constraint-based scheduling algorithm to auto-generate clash-free timetables while enforcing faculty workload limits.
- Built server-side logic and endpoints to manage teacher workload, subject allotment, and batch assignments.
- Implemented secure login and role-based access control using Spring Security, then added PDF export and deployed the application on Render.

Live Deployment: <https://tms-app-v1w0.onrender.com>

EDUCATION

Bachelor of Business Administration (Computer Applications)

Savitribai Phule Pune University | CGPA: 9.7/10 | 2023 – 2026

Higher Secondary Certificate (HSC)

Abeda Inamdar Junior College (Scholar Batch) | Percentage: 92% | 2019 – 2021
